

How to pray for us

Dear Friends,

We are always encouraged when people ask how they can pray for the work of Getty Music. As we dive into the Christmas season we would appreciate your prayers for us personally and for the whole team around us as we seek to present the hope and joy of the Christmas story in all we do.

1. Please pray for us and our three girls - our physical and particularly spiritual wellbeing; the steady heartbeat of a holy, prayerful and gospel centered life that makes every other part of life flow healthily. For wisdom as parents!
2. For protection for everyone on the tour, especially the children. We will all live very closely together and travel many miles in several tour buses - pray for safety and moment by moment grace as we work and share life with each other.
3. For creativity, especially over the next fourteen days as we finish songs, arrangements and rehearse. Pray for excellence and clarity of message.
4. For everyone involved from players, engineers, administrators, promoters, local churches, volunteers to families who sacrifice time to put it together.
5. For the performances and then the opportunities for each person who attends to hear the good news of Christmas. Tens of thousands of people will come over the course of all the concerts. As "a celebration of carols," the emphasis will be on singing the story as carols have always done all over the world - singing to our own hearts, our own families and to others.
6. For the many others (in the millions) who will encounter the event primarily through Public Television in USA but also through the radio special or radio interviews, limited other television releases, the new album & DVD or by just encountering the music through local church usage.
7. Pray for Alistair Begg as he brings a clear and fresh Christmas message to the many people who will attend the concert hall series.

Thank you for partnering with us in this way.
May you each know His grace and peace to you
this Christmas,

Keith and Kristyn Getty
